

Q3.c

```
1 //Program to calculate gross salary
2 //Jayraj Chaudhari
3
4 #include<stdio.h>
5 int main()
6 {
7     float salary,hra,allowance;
8     printf("Entre your basic salary:");
9     scanf("%f",&salary);
10    printf("Entre your hra:");
11    scanf("%f",&hra);
12    printf("Entre other allowances:");
13    scanf("%f",&allowance);
14    float grosssalary=salary+hra+allowance;
15    printf("Your gross salary is %f",grosssalary);
16    return 0;
17
18 }
```
